Issue : November 2017

SUNGAI BULOH: Malaysian field hockey champion, Faizal Saari, consulted Assoc. Prof. Dr. Firdaus Hariri from Universiti Malaya (UM), Dr. Azmeel Mazlee Anuar, Dr. Tengku Fazrina Tengku Mohd Ariff and the rest of Oral and Maxillofacial Surgery (OMFS) team on his recent dental injury during an international hockey match in Bangladesh. He was initially referred from National Sports Institute to OMFS UM and later to OMFS UiTM. The national hockey hero was planned for second opinion and further comprehensive OMFS-Prosthodontics treatment.

## CONGRATULATIONS

to Dr. Azmeel and OMFS team!

Faizal Saari lost four of his front teeth while helping Malaysian Tigers win against Pakistan 3-2 during the round robin of the Asia Cup 2017 held in Dhaka, Bangladesh. He took a nasty knock on his mouth and with blood oozing out, left the pitch for medical treatment and was out for a good 10 minutes.

## CPD Workshop on Wisdom Teeth

SUNGAI BULOH: Dental Alumni UiTM (DENSAL) partnered with Faculty of Dentistry, UiTM to involve dentists and dental students in a one-day workshop regarding management of wisdom tooth on 4<sup>th</sup> November 2017. This workshop was the first series of joint Continuing Professional Development (CPD) organised by the collaboration. Entitled "When Wisdom Teeth are not So Wise", lectures were delivered in the morning and a hands-on session was conducted in the afternoon.

## Kudos to ANNUAL ACADEMIC DINNER 2017!

SHAH ALAM: Annual Academic Dinner 2017 was hosted by Year 2 students from Faculty of Dentistry on 4<sup>th</sup> November 2017 at Ideal Convention Centre (IDCC) Shah Alam. The grand dinner started off at 8pm with a gimmick, followed by speeches from the student chairman and the Dean, student and staff performances, lucky

draws, academic awards and a committee montage. The enjoyable event was led by one of the faculty members, Dr. Noor Nazahiah Bakri.

MALACCA: Anatomy team from the Centre of Preclinical Science Studies returned home after winning a fantastic silver medal at Melaka International Intellectual Exposition (MIIEEx) on 8<sup>th</sup> November 2017. Entitled "Innovative and Interactive Anatomy Learning Package: A New Learning Strategy", this discovery highlighted innovative and revolutionary teaching

methods in Anatomy to ensure its relevance and interest towards the current generation of Gen Z students.

With the theme "Bridging the Gaps with Creativity for Future Sustainability", MIIEEx 2017 provided an international platform for local and international inventors and research scientists to present their inventions and innovations to a business community keen on commercialising unique inventions.

## Colloquium Emphasized Heutagogy Among Gen Z

SUNGAI BULOH: Academic Colloquium was organised by the Academic Unit on 13<sup>th</sup> November 2017 with the theme "Dental Education in 21<sup>st</sup> Century". This whole-day event commenced with an opening speech by the Dean, followed by presentations by the faculty members. These presentations revolved around new generation of students and their perspectives, interprofessional education, comprehensive care and H-index. In the afternoon, a hands-on workshop was led by Dr. Eddy Hasrul Hassan pertaining to Gen Z learning design and Massive Open Online Courses (MOOCs).

## Pride in Innovation Challenge

KUALA LUMPUR: Our team consisting of Dr. Tengku Intan Baizura Tengku Jamaluddin from the Centre of Oral and Maxillofacial Surgery and Dr. Mohd Hanif Mohd Ramli from the Faculty of Mechanical Engineering won the third place in Public/Private Sector Category for Pertandingan Cabaran Inovasi Inklusif 2017 (Central Zone). These innovative winners presented a novel simulation prototype for inferior alveolar nerve block (IANB) to the judges at the Technology Park Malaysia, Bukit Jalil on 8<sup>th</sup> November 2017.

Pertandingan Cabaran Inovasi Inklusif is a yearly event planned by Yayasan Inovasi Malaysia since 2015. The objective of this event is to give opportunity to Malaysian citizens with creative and innovative ideas in looking for inclusive innovation to solve the problems faced by the local communities.

## IKRAR Bebas Rasuah dan Integriti

SUNGAI BULOH: Majlis Melafaz dan Menandatangani Ikrar Bebas Rasuah (IBR) with Malaysian Anti-Corruption Commission (SPRM) was held on 17<sup>th</sup> November 2017 at the faculty. The pledge was led by the Dean, Prof. Dr. Mohamed Ibrahim Abu Hassan and echoed by the campus auxiliary police and all faculty members.

The pledge requires the faculty to prohibit any form of corruption and power abuse in all administration levels. The faculty will also cooperate with SPRM to prevent corruption.

Date : 29/11/2017

SUNGAI BULOH: The first dental conference for people with disabilities was launched on 25<sup>th</sup> November 2017. Women, Family and Community Development minister Datuk Seri Rohani Abdul Karim said it was an important conference for one of the Ministry's target groups.

"People with special needs are a part of the community and they have the right to live like any other member of the community," she said.

Rohani also launched the UiTM Special Care Dentistry Clinic at the faculty.

"Now another clinic has been added at UiTM and it is expected to fully benefit those with special needs in keeping their health in check," she said.

The "Disability: We Care" conference was organised by the faculty which offered activities such as eye and dental clinics, health talks, seminars, basic life support demonstrations and food trucks. Also, Dr. Budi Aslinie Md. Sabri's team won the first prize in the table clinic competition.
